

# Exclusive Girl Scout Programs

**Troop Leaders**, your scouts can earn badges while discovering one of the most bizarre legends in California history... the Winchester Mystery House! Your troop will take a fun and educational trip back in time as they tour through Sarah Winchester's 160-room Victorian mansion and hear the story of how she kept workmen building 24 hours a day for 38 years. Along with the beautiful architecture, priceless stained glass, and ornate woodwork are the numerous occurrences of the number thirteen, as well as building oddities such as a staircase to the ceiling and doors to nowhere.

## Advantages of a group visit:

★ Girls can **meet badge requirements** at any level:

### **Brownie**

Listening To The Past

Check out this **fun free project** offered for April! Participation in special projects such as these is **available only to Girl Scouts!** Project available only during the month of April, and only to Girl Scout groups of 15 or more guests with group tour reservations and a deposit paid at least 10 days prior to their visit.

**April-** Sarah Winchester spared no expense when it came to adorning her house with stained glass windows from the Tiffany Glass Co. of New York. In honor of her fondness for this classic art form, troops who visit in April will learn about the process of making real stained glass windows before they **make their own "stained glass windows"** using colorful tissue paper and their creativity.

Scouts will enjoy designing and creating their own "windows," which can be taken home and hung in a real window to see their beautiful lighting effects.

**Reservations couldn't be easier to make.** Simply fill out the form on the reverse and mail or fax it to the Group Sales Office; give us a call at **(408) 247-2000**; or email us at **groupsales@winchestermysteryhouse.com**
