

Where in the world do the girls of TROOP # _____ hope to travel?

Directions: With your troop, each girl colors in a square and writes their name next to their color. The girls can take turns and use their color and draw a dot on 3 states they hope to visit one day. Once each girl has taken their turn, take a step back and look at all the states. See which states are popular and chosen by multiple girls are there any states that were not chosen? Have the girls talk amongst the group as to why they want to visit those states. Is there anything special they want to do or see?

**Larger troops can break this activity into groups.*
