February 2024**

BarkBox will conduct a secondary production run and ship in February. The Fall Program's 2023 BarkBox online shipped pilot outperformed expectations.

We previously shared with you that there would be limited quantities for this pilot, however BARK has been an excellent partner and has made significant accommodations to conduct a secondary production run so councils and girls may continue optimizing on these sales. These products will be available to ship to consumers in February 2024. When ordering online, customers will have a disclaimer of the ship date.
