How do I find my login name and password?

When you register for an event, make a reservation, become a member or make a purchase using Doubleknot, an account is automatically created on your behalf.

Please keep in mind that you will not have a login unless you have registered using the Doubleknot system at least once before.

If you did not set a password for your account or if you have forgotten your login name and/or password, follow these steps:
1. Once you click register, and are at the page asking how many registrations you will be processing click the Log On button on the top right.

2. If you know your login information, go ahead, enter it, and click Log On. If you do not, click Need help logging on? (This item is located under the Password field.) The Recover Your Password page is displayed.

Enter your email address. If you are not sure what email address you used, enter the one you use most commonly. If the email address you entered is associated with a logon account, you will receive an email with information on resetting your password.

If the email address is not associated with a logon account, a page where you can provide detailed information to help locate your account is displayed. Follow the instructions on that page to identify your logon account.
