4 Four Pillars

<p>STEM High-quality, multi-year programs help Girl Scouts become increasingly interested, confident, and competent in STEM subjects.</p> 	<p>Outdoors Through progressive outdoor programs, Girl Scouts experience nature, build skills, participate in recreational activities, and become environmental stewards.</p> 	<p>Entrepreneurship Girl Scouts learn how to change the world by acquiring business skills through entrepreneurship opportunities, including social enterprise.</p> 	<p>Life Skills Girls enhance their academic and life skills through topics such as local and global citizenship, healthy living, communication, preparedness, and financial literacy.</p>
